Forte Drum and Bugle Corps, a competitive DCI marching organization from Grand Prairie, Texas, is proud to offer Clinic experience to the students, directors, and parents in the Spiro, OK area! Students participating will be able to rehearse with their respective section of the corps (brass, percussion and guard) as well as attend a rehearsal clinic. Students are encouraged to bring their instrument, flag, sticks, drums etc...to maximize their participation in the clinic itself. Also, students should wear comfortable clothes and bring water as well.

Students will learn leadership and communication skills, fundamental rehearsal philosophies, basics on their instrument and hopefully will gain a better appreciation for the marching arts and music in the process.

Including a Q&A session with the Staff and Administration!
